# We're in Direct Sellers Association of Canada

## Infinitus caliber proves **golden** with DSA recognition into **active membership**

Infinitus has been officially recognized as a member of the **Direct Sellers Association of Canada (DSA)**. Not only does it mark a milestone in our expansion in Canada, but it is also an acknowledgement of our "Si Li Ji Ren" core value and caliber.

DSA is the recognized voice of the direct selling industry, and has established, educated and upheld rigorous standards, ethics and good business practices. Its strict standards mean only just over 40 direct selling companies have passed its audit and admitted as member. Infinitus is proud to

stand as the **first ever Traditional Chinese herbal health product company** to be admitted with active membership, and our values are a perfect match with DSA's mission, placing trust and integrity at the forefront in all our proceedings.

The DSA active membership represents a concrete checkmark for our brand, providing confidence to both distributors and consumers. There is no better time to introduce the Infinitus values and superior products to your family and friends, and empowering them to lead healthier and happier livelihoods!

## LKKHPG wins the first Employer Branding Creativity Award

LKK Health Products Group (LKKHPG) has been honored with the Best Employee Experience Award of the first Employer Branding Creativity Award in Greater China on July 21, 2017. This recognition is awarded to LKKHPG's Health Philosophy Program, an all-around movement that improved LKKHPG employees' health and well-being.

A total of 312 companies with 633 creative proposals were in the running. LKKHPG stood tall among fierce competition with renowned companies including Tencent and Netease, and emerged as one of the eleven eventual winners.

LKKHPG's Health Philosophy Program was launched in 2013, and since then has been gradually implemented during the subsequent years, with the aim of enhancing health awareness in both employees and the general public. The program consists of a variety of inspiring events and activities, including health camps, hiking and photography competition.

Mr. Harry Yeung, Senior Vice President of LKKHPG said, "Based on the core value of Si Li Ji Ren, we always value employees as our most valuable assets. We are committed to employee health, which is instrumental in creating the unique advantages of our talent pool, reinforcing our company as a responsible employer and enhancing our core competitiveness."

# Editor's **pick & health tips!**

Change of seasons,  
change your wardrobe,  
and don't forget to  
**recharge your Qi**

As we leave behind the summer fun of sunshine and beaches, you can definitely feel from the air that fall is coming. The unpredictable weather in the transitioning seasons could soften our immune system, but by strengthening your "Qi", you can turn over to autumn gracefully. In **Traditional Chinese Health Regimen** terms, "Qi" is the vital flow of energy within the body that acts as your ozone layer against natural ailments.

There are a few ways to stay healthy as the seasons change:

- **Get enough sleep**

It is recommended to get **6-8 hours of sleep** every night which allows our body to recharge.

- **Eat well**

Eat at regular times and eat more fresh veggies and fruits that are rich in fiber and vitamins. There is a Chinese saying that the ideal time to stop eating is when we are about **seven parts full (70%)**.

- **Drink adequate amount of fluids**

Sufficient water intake every day keeps your skin and organs hydrated and flushes out wastes from your body.

- **Keep yourself warm**

A drop in temperature can weaken your body's ability to fight off viruses and infections, so it's important to wrap yourself up to fend off the cold and the flu.

Supplement with "**Qi-up Combo**" that includes **Premium Nutrients for Better Health** and **Royal Lingzhi Plus** to support your immune system and recharge your Qi.

Order between September 15 and October 31, 2017, and receive a limited edition Infinitus travel pouch! Good while stocks last.

# Autoship

Autoship is a simple and convenient way to have your favourite products automatically sent to you each month. You can customize your orders at any time to meet your demands. No need to wait until your product is out of stock to place your order.

**ONE EASY CLICK**  
TO ENJOY THE SERVICE

REPLENISH PRODUCTS ON  
**MONTHLY BASIS**
